ProcedureCapture is the only solution which generates conclusive and indisputable documented evidence and uses a single license for the whole lifecycle of :

- Requirements Management.
- Risk Assessment.
- Test Script Capture.
- Review and Pre Approval of Scripts.
- Paper and Paperless execution.
- Manual or Automated testing with Electronic Signatures.
- Defect Management and Tracking.
- Trace Matrices and generation of documented evidence.
- End user guides and training materials.

Murali Kumar, Aris's IT Validation Director commented that "We had been looking for a tool which will provide the following benefits for Aris :- Increased return-on-investment from IT initiatives, increased accountability, improved compliance with regulations and reduction in the timescales for validation / change control."

Aris Global demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "ProcedureCapture helps companies significantly reduce the cost and resource burden of validating their computer system and this directly translates into a 40% decrease in the time to create test scripts and a 60% decrease in time to execute these scripts". Devine continued "We're pleased to work with Aris Global and are proud to be able to make such a positive impact on their validation efforts".

"We conducted an in depth evaluation and concluded from this that Raltus's ProcedureCapture had the best functionality and delivered the best ROI for our needs."

Murali Kumar , IT Validation Director Aris Global
