ASO, LLC, ONE OF THE WORLD'S LARGEST PRODUCERS OF ADHESIVE BANDAGES AND SUPPLIERS OF WOUND CARE PRODUCTS TO USE PROCEDURECAPTURE TO VALIDATE THAT THEIR COMPUTER SYSTEMS ARE TESTED AND DOCUMENTED BASED ON GAMP, CGMPS AND 21 CFR PART 11.

Florida -US – June , 2012

ASO, headquartered in Sarasota, Florida, ASO LLC engages in the development, manufacture, and sale of branded and private label first-aid, cold/cough, and beauty care products to medical and retail markets.

Florida -US – June , 2012 - Raltus Software, the leading solution for documenting and testing in regulated environments, announced that ASO LLC recently selected ProcedureCapture to help test and document their IT systems and procedures based on GAMP, cGMP and 21 CFR part 11.

ProcedureCapture® produces IQ/OQ/PQ test scripts and results along with end user SOP's and training materials. It automatically produces Test cases for checking that System has been installed and are working correctly in User environment, shows results of executing scripts and gives the deviations from expected results (if any). From the same assets It also automatically documents procedures for users, system administrators, and IT related functions such as Backup & Restore and Archiving.

Vincent Hughes, Vice President, Information Technology commented "ProcedureCapture is the only tool we have found which is capable of both automatically producing documentation and then automatically running the actual procedures, This will make a big impact on reducing our resources for our CSV effort."

ASO LLC demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "Having a tool which reduces the CSV resource overhead in regulated environments plays a crucial role in reducing costs while still ensuring compliance". Devine continued "We're pleased to work with ASO LLC and are proud to be able to make such a positive impact on their validation effort".

"ProcedureCapture is the only tool we have found which is capable of both automatically producing documentation and then automatically running the actual procedures, This will make a big impact on reducing our resources for our CSV effort."
