**INSULET CORPORATION TO USE
PROCEDURECAPTURE FOR THEIR COMPUTER
SYSTEMS VALIDATION AND TO GENERATE THE
REQUIRED DOCUMENTED BASED ON GAMP,
CGMP AND 21 CFR PART 11.**

Bedford, Massachusetts – August , 2013

Insulet Corporation to use ProcedureCapture for their Computer Systems Validation and to generate the required documented evidence required for regulated environments.

Insulet Corporation is an innovative medical device company based in Bedford, Massachusetts. It was founded in 2000 with the mission of improving the lives of people with diabetes. Specifically, through its revolutionary OmniPod Insulin Management System, Insulet seeks to expand the use of insulin pump therapy.

Bedford, Massachusetts – August , 2013 - Raltus Software, the leading solution for validating computer systems, announced that Insulet Corporation recently selected ProcedureCapture to help validate their computer systems so that they comply with regulatory requirements.

ProcedureCapture is the only solution which generates conclusive and indisputable documented evidence and uses a single license for the whole lifecycle of :

- **Requirements Management**
- **Risk Assessment**
- **Test Script Capture**
- **Review and Pre Approval of Scripts**
- **Paper and Paperless execution**
- **Manual or Automated testing with Electronic Signatures**
- **Trace Matrices and generation of documented evidence**
- **End user guides and training materials**

Insulet Corp demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "ProcedureCapture helps companies significantly reduce the cost and resource burden of validating their computer system and this directly translates into a 40% decrease in the time to create test scripts and a 60% decrease in time to execute these scripts". Devine continued "We're pleased to work with Insulet and are proud to be able to make such a positive impact on their validation efforts".

"ProcedureCapture is the only tool we have found which has all the functionality we need for our CSV effort in one place. It has Requirements, Risk, Testing and Defect tracking along with eSigs, all in one easy to use tool—would absolutely recommend it."
