

MCCLERNONS PHARMACY SOFTWARE TO USE PROCEDURECAPTURE TO TEST THEIR MPS SUITE OF APPLICATIONS FOR THE PHARMACY MARKET.

Belfast, November 2015

McClernons Pharmacy Software was founded in 1982 and supplies software to the Pharmacy market. Its award winning MPS suite of Dispensing, Retail and Enterprise solutions help meet the needs of their community pharmacy customers.

Today's Pharmacy companies are faced with a myriad of regulations and fees and are increasing reliant on software solutions to achieve sustained compliance and efficiency. Rigorous testing ensures that systems perform according to their intended use and are in compliance with key requirements.

Belfast, November 2015 - Raltus Software, the leading solution for testing software applications, announced that McClernons Software recently selected ProcedureCapture to help test their MPS suite of applications so that they work as expected for their comply with pharmacy customers.

ProcedureCapture is the only solution which generates conclusive and indisputable documented evidence and uses a single license for the whole lifecycle of :

- Requirements Management.
- Risk Assessment.
- Test Script Capture.
- Review and Pre Approval of Scripts.
- Paper and Paperless execution.
- Manual or Automated testing with Electronic Signatures.
- Defect Management and Tracking.
- Trace Matrices and generation of documented evidence.
- End user guides and training materials.

McClernons Software demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "ProcedureCapture helps companies significantly reduce the cost and resource burden of testing their applications and this directly translates into a 40% decrease in the time to create test scripts and a 60% decrease in time to execute these scripts". Devine continued "We're pleased to work with McClernons and are proud to be able to make such a positive impact on their testing efforts".

"ProcedureCapture is the only tool we have found which will help with both our Exploratory and Structured testing and create all our User guides and documentation."
