

**METROCARE SERVICES TO USE  
PROCEDURECAPTURE TO AUTOMATE THE  
EXECUTION OF THEIR TEST SCRIPTS FOR THE  
RELEASE OF A NEW APPLICATION FOR  
REGULATED ENVIRONMENTS.**

*Dallas, September 2015*

**Metrocare Services is a community mental health and mental retardation center serving the residents of Dallas County. Established in 1967 as Dallas County MHMR, Metrocare currently provides services to more than 50,000 individuals annually and is the Metroplex's 9th largest non-profit organization.**

**Today's life sciences companies are faced with a myriad of regulations driving increasing reliance on advanced enterprise solutions to achieve sustained compliance and efficiency. Validation ensures that systems perform according to their intended use and are in compliance with key regulatory requirements.**

**Dallas, September 2015 - Raltus Software, the leading solution for validating computer systems, announced that Metrocare recently selected Procedure-Capture to help validate their computer systems so that they comply with regulatory requirements.**

**ProcedureCapture is the only solution which generates conclusive and indisputable documented evidence and uses a single license for the whole lifecycle of :**

- **Requirements Management.**
- **Risk Assessment.**
- **Test Script Capture.**
- **Review and Pre Approval of Scripts.**
- **Paper and Paperless execution.**
- **Manual or Automated testing with Electronic Signatures.**
- **Defect Management and Tracking.**
- **Trace Matrices and generation of documented evidence.**
- **End user guides and training materials.**

**Metrocare Services demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "ProcedureCapture helps companies significantly reduce the cost and resource burden of validating their computer system and this directly translates into a 40% decrease in the time to create test scripts and a 60% decrease in time to execute these scripts". Devine continued "We're pleased to work with Metrocare and are proud to be able to make such a positive impact on their validation efforts".**

**"ProcedureCapture is the only tool we have found which is capable of both generating image populated compliant documentation and then if required use the same asset to paperlessly run and electronically sign the actual procedures to confirm that they works as expected."**
