**PEREGRINE PHARMACEUTICALS TO USE PROCEDURECAPTURE FOR THEIR COMPUTER SYSTEMS VALIDATION AND TO GENERATE THE REQUIRED DOCUMENTED EVIDENCE REQUIRED FOR REGULATED ENVIRONMENTS. BASED ON GAMP, CGMP AND 21 CFR PART 11.**

*Tustin, California – February , 2014*

Peregrine Pharmaceuticals is a clinical-stage biopharmaceutical company developing first-in-class monoclonal antibodies focused on the treatment and diagnosis of cancer.

Today's life sciences companies are faced with a myriad of regulations driving increasing reliance on advanced enterprise solutions to achieve sustained compliance and efficiency. Validation ensures that systems perform according to their intended use and are in compliance with key regulatory requirements.

Tustin, California – February , 2014 - Raltus Software, the leading solution for validating computer systems, announced that Peregrine Pharmaceuticals recently selected ProcedureCapture to help validate their computer systems so that they comply with regulatory requirements.

ProcedureCapture is the only solution which generates conclusive and indisputable documented evidence and uses a single license for the whole lifecycle of :

- Requirements Management
- Risk Assessment
- Test Script Capture
- Review and Pre Approval of Scripts
- Paper and Paperless execution
- Manual or Automated testing with Electronic Signatures
- Defect Management and Tracking
- Trace Matrices and generation of documented evidence
- End user guides and training materials
- 

Peregrine Pharma demonstrates what customers are directly telling us said Ann Devine, Vice President of Marketing for Raltus – "ProcedureCapture helps companies significantly reduce the cost and resource burden of validating their computer system and this directly translates into a 40% decrease in the time to create test scripts and a 60% decrease in time to execute these scripts". Devine continued "We're pleased to work with Peregrine and are proud to be able to make such a positive impact on their validation efforts".

"ProcedureCapture is the only tool we have found which has all the functionality we need for our CSV effort in one place. It has Requirements, Risk, Testing and Defect tracking along with eSigs, all in one easy to use tool—would absolutely recommend it."
